## **ANCC AUTOTEST CHAMPIONSHIP 2008**

**BULLETIN No. 12/ 2008 (Issued 21 November 2008)**

Hi All,

Sorry for the delay in forwarding this Bulletin, but firstly I was held up due to results not being forthcoming from the previous round and then I was involved in the Roger Albert Clark Rally before and after the event.

Round 12 of the ANCC Autotest Championship 2008 was organized by Knutsford & DMC and had only 11 competitors competing in the Autotest, of which 7 were registered ANCC Autotest competitors. The event was supported by an Autosolo which attracted an impressive entry of 32 competitors. I only hope other Clubs would try to promote the Autosolos as there seems to be a certain amount of interest, especially in the West and North West of our area. I feel that by promoting Autosolos, it should help in the development of Autotests for the future.

The event comprised 18 tests at Booth's Hall and only produced one washout and that I feel was due to mechanical failure rather than brain fade, there was a scattering of cones but that is accepted these days of competitive motoring as the fine line between 'touching' and 'not touching' gets ever closer.

As a result of these results there was no major changes to the Class positions or the Overall positions in the Championship.

The next and final round is the late addition by Durham AC on 30 November and I hope that all the NE contingent will support the event along with some of the Yorkshire/Lancashire based competitors. Please remember that this event was included after discussion with some of the competitors on Round 10 – please support it – with a view to include maybe next year.

If you have any queries please contact me as above.

### **PLEASE NOTE**

As a result of the cancellation of the Kirby Lonsdale event, reducing the Championship to 11 Rounds, I was offered a date by Durham Auto Club on 30<sup>th</sup> November, this I have accepted. With all major Championships complete by this time I thought it might be an opportunity for competitors to let their hair down with no major Championship pressures and also give our North East registered competitors a chance of a 'home' event. I hope a number of you will support this event.
