ANCC AUTOTEST CHAMPIONSHIP 2008

BULLETIN No. 13/ 2008 (Issued 12 January 2009)

Hi All,

I hope you all had a good Christmas, and I would like to wish you all a successful and Happy New Year. I look forward to receiving your 2009 registrations in due course and hope that the current Global situation does not dramatically reduce your interest in Autotesting.

Yet again I apologise for the delay in forwarding the results of the Final Round of the above Championship, organised by Durham A.C., a late entry to the Championship. The event attracted five registered contenders which is pleasing and was topped up with more local entries to produced an entry of twenty – a good number for this time of year.

There were seven tests, but at this time of year we run out of daylight in mid afternoon, but those who traveled enjoyed the new surroundings.

Thanks to Durham A.C. for offering their event to replace the earlier cancelled round.

Generally I think it has been a successful year and thanks to all those competitors who registered for the Champinship and enter the various events. I look forward to you registering again in 2009.

Attached is the Final results for 2008 and the award winners subject to the protest/query period.

These awards will be presented at the ANCC Awards Evening to be held at the:

Whitcliffe Hotel, Cleckheaton on 20th March 2009 – Details to follow

In previous years I have sent out a questionnaire requesting comments on the content for the following year, as there was hardly any response and to save my precious time, I am assuming that there are no major issues therefore I attach my suggested events for 2009. All I would ask is if anyone has particular concerns please contact me by January 2009, after which, if I have not received any comment, I will assume that all is well and that no news is good news. Then hopefully by the end of January I will have the Championship Regulations for 2009 available and will be issued to current registered competitors and all known other Autotesters.

Regards,
