ANCC AUTOTEST CHAMPIONSHIP 2008

BULLETIN No. 14/ 2008 (Issued 16 February 2009)

Hi All,

I apologise for the delay in finalising last years Championship, but I have been waiting for responses from one or two people, but nil response, so I am going it alone as they say. The only person to talk to me is Howard, nevertheless after the last Bulletin there being no objections those winners, as listed below are now declared final.

FINAL Award winners are:

Overall Champion 2009 – Howard Everingham – Beverly & D.M.C. (Mini 1400cc)

1st in Class 1 – Mini etc upto 1100cc – David Goodlad – Knutsford & DMC/Bolton le Moors CC (Mini 1071cc)
1st in Class 2 – FWD Saloons – Carl Sams – Durham AC (Nova 1600cc)
1st in Class 5 – Sports Cars – Ian Chapman – Alwoodley MC (Striker 1800cc)
2nd in Class 5 Stephen G. Morten – Alwoodley MC (RAW Striker 1800cc)
1st in Class 6 – Specials – Duncan Wild – Knutsford & DMC (ABS Freestyle 1430cc)
2nd in Class 6 Steven Haigh – Yorkshire SCC (Mini Special 1275cc)
3rd in Class 6 David Mosey – Ilkley & DMC (Mini Special)

1st Parent/Offspring Team – Ian & Christopher Chapman – Alwoodley MC (Striker 1800cc)

As notified in the last Bulletin these award winners will be presented with their awards at the Presentation evening at

The Whitcliffe Hotel, Cleckheaton on 20th March 2009

We have secured Mike Broad as special Guest so the evening should be entertaining. We intend, as in previous years to put a 'show' of all award winners in a PowerPoint type presentation, therefore I need photos. Duncan Wild assured me he had photos of most if not all, so that was good it would save me time. Unfortunately since the 06 January when I first sent an e-mail I have heard nothing, so if embody can direct me in his direction it would be much appreciated. We are preparing a similar 'show' for all other Championship winners, therefore it would be please if most if not all award winners could attend. Details of the event and copy of ticket application form are attached.

With respect to the 2009 Championship, as mentioned above I tried to contact one or two to offer some ideas but has come to nothing, so I assume you would like a Championship. Therefore with a few Autotests going missing in 2009, I intend to run eleven events – all have accepted except Knutsford, so if anyone can give them a nudge it would be appreciated.

The Regulations are ready, just waiting for the Permit to arrive (anytime), and then we are 'go'. I have kept the registration fee down to £10 as I cannot justify any more, unfortunately I have now run out of finances accrued over the good years as we have run at a loss over recent years and this year we will be 'bankrupt, It is a bad period we are all going through at this time and our major Association sponsor has withdrawn their support after many years, just when I was hopeful that this year would see some of the support come our way, sadly this is not to be. This leads me up to a plea for Financial support to keep the future alive – if anyone out there has or knows somebody or business that would like to financially support our successful Championship I would be pleased to talk to them. If we had an interest at current levels I would only be looking at around £100 - £200 pounds or split between a 'consortiums'. If any one can help please contact me.

Regards,

Graham S. Whitaker
