## **ANCC AUTOTEST CHAMPIONSHIP 2008**

**BULLETIN No. 06/ 2008 (Issued 18 July 2008)**

Hi All

Following quickly on the heels of the previous Bulletin, in order to make the effort and catch and keep you upto date, I now offer a few words after Round % of the Championship – the Autotest organised by Knutsford and DMC.

As usual I have not much to go on except that there was another good turn out of Championship contenders in what appeared to be a good entry at this popular venue – Demon Tweeks in Wrexham.

David Mosey started in an unexpected manner by recording a maximum on the first test, which probably lost him the FTD but came home in 2<sup>nd</sup> overall and 1<sup>st</sup> in Class. Richard Pinkney after the trials and tribulations of the previous round made good by coming home a good 4<sup>th</sup> overall and 1<sup>st</sup> in Class.

Most of the other registered competitors collected a few cones between them – but that is Autotesting.

In the Championship the leaders of Classes 1,2 and 4 remain the same, David Goodlad, Carl Sams and Howard Everingham respectively. In Class 5, Ian and Christopher Chapman are now joint Class leaders, having taken over from Keith Walton who is now 2<sup>nd</sup>. Ian and Christopher still retain the lead in the Parent and Offspring Class.

Finally in Class 6 David Mosey has now secured 1<sup>st</sup> slot, taking over from Steven Haigh who did not enter the event, David and Roy Higginson also took advantage of Steven's absence to take 2<sup>nd</sup> and 3<sup>rd</sup> respectively, with Steven now 4<sup>th</sup>.

Please try and support the chosen events.

Just another plug, there is still time to register, the fee is still only a giveaway £10 per registration, with the continuing incentive of a Parent/Offspring 'Team Challenge'. **IT IS NOT TOO LATE TO REGISTER**, I therefore enclose a copy of the Championship Regulations to encourage you to enter, especially classes 1,2, & 3..

Please try and support the chosen events, and remember, it would be appreciated if anyone entered on events, had a snippet of information that they could e-mail to me in order that I can make up a true report instead of my concocted drivel.

If you have any queries please contact me as above.
