## **ANCC AUTOTEST CHAMPIONSHIP 2009**

### **BULLETIN No. 01/ 2009 (Issued 11 March 2009)**

Hi All

Here we go again, no sooner we put last year to bed we start the new season.

The first round is a few weeks away - Round 1 Bolton le Moors CC event on 26 April 2009, Peter Sharples is on the ball with the issue of his regulations (attached).

Registrations are beginning to come in with six returned to date and two more promised, this is very promising, so if you have not registered yet I attach the necessary Regulations.

On another note/reminder the 2008 Awards evening is to be held at the

***The Whitcliffe Hotel, Cleckheaton on 20<sup>th</sup> March 2009***

We have secured Mike Broad as special Guest so the evening should be entertaining. We intend, as in previous years to put a 'show' of all award winners in a PowerPoint type presentation. Duncan Wild has provided the photos of all but one award winner for the presentation, unfortunately only two of you are attending to date, with two apologies, but no collection arrangements have been indicated therefore could you please check your diary and try and make an effort to collect your awards. As I will be taking them to Cleckheaton at nil cost, and if they are not collected it is up to you to contact me to arrange your collection. Copy of application form and flyer attached.

If anybody out there has a copy of the BTRDA Autotest Regulations, it would be appreciated if a copy could be sent in my direction.

Finally, a request for your help, as you know I have been trying to get, especially Yorkshire based Clubs, to try and put on some Autosolos, to little effect – this was to try and inject more interest into our aspect of the sport. Now I have been asked by the ANCC to include a class specifically for standard road going cars, this again is a means to try and inject new blood into this sport – not all events would be suitable but I would welcome ideas/comment. It will be based on events, but not all, within the current Championship – obviously I will have to liaise with those Clubs to help us along in this direction.

If you have any queries please contact me as above and I look forward to receiving your Registrations.
