ANCC AUTOTEST CHAMPIONSHIP 2009

BULLETIN No. 11 / 2009 (Issued 18 November 2009)

Hi All,

This is the penultimate results Bulletin after the completion of Round 10 organised by Knutsford & DMC at Birch Hall.

With six registered competitors entered out of a total Autotest entry of thirteen did not detract from a close competition especially over the top four places or so.

Looking at the results at first I thought there cannot have been any cones marking the tests as there were very few 'strikes'. With Duncan Wild taking FTD and Howard Everingham and Ian Chapman each taking class wins.

We now look forward to the final Round 11 organised by Durham AC at Streatlam, regulations and entry form attached.

To complete the Championship year the ANCC are holding their Championship Awards evening with a similar pattern to previous years to be held at The Whitcliffe Hotel, Cleckheaton on **Friday 19th March 2010** – **Please note.** Details to follow.

As we move into the closing cycle I am now preparing for next year. As far as events go, looking at provisional dates submitted by member Clubs, there seems little choice at this time, therefore the event may well be the same or similar to 2009. It would be appreciated if any or ideally all of you would contact me with your observations and comments.

At the same time I am preparing the 2010 Championship Regulations and one thing concerns me is that three classes only attract virtually one registration therefore negating the challenge of competition. I need your suggestions how best to change or amalgamate classes in order to make it more attractive and therefore more interest.

I would appreciate your input sooner than later and certainly before the end of the year, because as it is it seems of little value - only you have the expertise, I am just the scribe.

If you have any queries please contact me.

Final Rounds:

Round 11 – 29 November – Durham AC – Contact – Lindsay Burnip Mobile: 07727 098 450 *

Tele (H): 0191 384 6586
