ANCC AUTOTEST CHAMPIONSHIP 2010

BULLETIN No. 01/ 2010 (Issued 21 May 2010)

Hi All

Welcome to the first Bulletin of the 2010 ANCC Autotest Championship, although it unfortunately has started poorly, for the following reasons:

- There are only six competitors registered at the time of writing
- Round 1 - only had two entries out of a total of two in the Championship event
- Round 2 – was unfortunately postponed due to venue concerns, new date T.B.N.

Round 1 kick started our 2010 with the late addition to the Championship organized by Hartlepool & DMC, this was caused by a misunderstanding as I tried to achieve at least a two week gap between rounds, therefore I did not originally include it. As a result of a request from Hartlepool & DMC I included the event on the understanding it may be a low entry from our Championship contenders. I did not realise it would be that low, if it had not been for the Clubsport event, which was well supported it may not have run.

The two competitors were Steven Haigh, in his Mini Special and Howard Everingham in his similar engined Mini Saloon, nevertheless the competition was keen and very close with Steven taking five of the nine tests and Howard taking three with one shared. They even shared the penalties at two apiece, without these Steven would have still taken the result. Unfortunately for Steven he did not quite take the FTD as a Clubsport competitor shaved him by only 0.3 seconds. I assume the Clubsport competitors completed the same tests.

I therefore hope that Round 3 organised by csma(NW)/Accrington MSC has a better entry, at the time of writing I cannot obtain an entry list, although the AutoSolo has an exceptional entry. Just in case you have not entered, I attach a set of the regulations.

Registrations are beginning to come in with six returned to date and two more promised, I am hopeful that we will receive more, or at least I hope so, to make the Championship worthwhile, so if you have not registered yet I attach the necessary Regulations.

Last year I included a class for standard road going cars, this again was an attempt to try and inject new blood into this sport – this had no response. This year I have amalgamated the Saloon classes and introduced a Novice class in a further attempt to try and secure 'new blood' –p I am pleased to say that I have had a couple of enquiries and I hope that these materialise into new registrations,

If you have any queries please contact me as above and I look forward to receiving your Registrations.
